
Student Dress Code Policy

What to wear for an international learning environment, the dress code for students under 18, and what happens if it isn't followed.

We ask that students are dressed suitably for a learning environment. We also ask that students think about the international environment in school. Clothes which show large amounts of the body (e.g. number 6 below) may be perfectly acceptable in some countries, but will make students from other countries feel very uncomfortable.

Dress code for minors (students under 18)

We understand that many of our students are 'on holiday'. However, we are a school, and we expect our students to be appropriately dressed for a learning environment. This also protects minors in a mixed adult and minor environment.

Minors need to follow the student dress code below:

1. Coats, bags, accessories and clothing should not have slogans of a sexual nature or swear words.
2. Skirts or shorts which are very short and show parts of the body which are usually covered are not allowed.
3. T-shirts and blouses which are see-through are not allowed.
4. T-shirts, tops and blouses that are low cut are not allowed.
5. Low-rise or low-slung jeans which show underwear or a student's bottom are not allowed.
6. Loose singlet vests which show large amounts of the body are not allowed.
7. Any clothes that show underwear are not allowed.

What will happen if a minor is not dressed appropriately for school

1. A member of staff will speak to one of the Designated Safeguarding Officers.
2. If clothes are not suitable for an international learning environment, the student will be asked to go home and change their clothes, or will be supplied with appropriate clothing.

3. The Designated Safeguarding Officers will make minors aware of the risk of Child Sexual Exploitation if necessary.
